

SRI International

## Memo

SG1J

To : [REDACTED]

Date : 29-~~Oct~~<sup>Sept</sup>-1988From : Ed May *EM*

Location : G-201

Subject : Response to your 9/29/88 FY 1988 Research Memo

Cc: Cathy Flowers

As per agreement the analytics program will come to an end by close of business, 7 October 1988.

The screening task scheduled for 11 October 1988 is being done at 2000 hours on SRI International personnel's private time. One half of one hour is required for analysis of this data.  *$\frac{1}{3}$  of 10 = 3.3*  
(Phase I screening tasks are NOT blind judged and do not require much time for analysis.) *Took much longer with DATA*  
Therefore virtually no FY 1989 moneys or time are required. *DATA*

Due to scheduling constraints at Los Alamos National Laboratory and with Joe, we will conduct the "Psi" protocol with the MEG on 18-21 October 1988. No costs will be incurred from our FY 1989 budget. Two staff members, May and Luke, will not be available for FY 1989 project work from 17-21 October 1988. [The time lost because of the experiment and its subsequent analysis time will be reimbursed on an hour-by-hour basis by project personnel.] *How about the NSG data if the S/S is so easy what did we do all year?*  
Therefore no time or funding from the FY 1989 will be expended to accomplish this task.

Judging from the current progress of report writing, 1/3 time to October 17, 1988 is needed in order to finish the writing—we have that amount of money in FY 1988 funds. Beyond October 17, 1988 very minimal Project 1291 time will be spent by the Cognitive Sciences Program staff on FY 1988 reports. After the SOC meeting, minor changes that might be required to the reports will not detract from FY 1989 business. *How do you know, poor planning*

I am unable to provide you *official* accounting figures by close of business 30 October 1988. If necessary, we will be able to provide you approximate numbers since the official accounting figures are not available until 3 October 1988. I suggest that, if you can wait, you allow us to provide you with the official figures by close of business day Monday, 3 October 1988.

In fulfilling the requirement dictated by our contract, it is my responsibility to provide you with whatever figures you need to track the progress of your project technically and financially. I will do so. As you know, we have set up a series of 900 subs for our internal accounting purposes. The only moneys that are contained in those subs is for FY 1989. Would your requirements (memo of 9/29/88) be satisfied with a weekly accounting of these subs through November 4, 1988 (end of the SOC meeting)?
